## INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF NAHDI MEDICAL COMPANY (A SAUDI JOINT STOCK COMPANY)

### Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Nahdi Medical Company (A Saudi Joint Stock Company) (the "Company") and its subsidiaries (collectively referred to as "the Group") as at 30 September 2023, and the related interim condensed consolidated statements of profit or loss and Comprehensive Income, for the three-month and nine-month periods ended 30 September 2023, and the related interim condensed consolidated statements of changes in shareholders' equity and cash flows for the nine-month period then ended, and other explanatory notes. The Board of Directors is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

### Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

## NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

At 30 September 2023

(Expressed in Saudi Riyals unless otherwise stated)

### 1. CORPORATE INFORMATION

Nahdi Medical Company (the “Parent Company” or the “Company”) is a Saudi Joint Stock Company (previously A Saudi Closed Joint Stock Company) formed under Companies Law in the Kingdom of Saudi Arabia under Commercial Registration No. 4030053868 dated 1 October 2003 (corresponding to 5 Sha’ban 1424H). The Group is operating in accordance with the Ministry of Health License No. 26-101-31-67-3 dated 28 December 2003 (corresponding to 22 Dhul-Hijjah 1424H).

During 2021, the Parent Company commenced the process for Initial Public Offering (“IPO”). The Capital Market Authority (“CMA”) Board issued its resolution approving the Parent Company’s application for the offering of 39 million shares representing thirty percent of the Parent Company’s share capital on 29 December 2021 (corresponding to 25 Jumada Al-Ula1443H). As at 22 March 2022 (corresponding to 27 Sha’ban 1443H), the Parent Company’s shares became listed on the Saudi Stock Exchange (Tadawul) in the Kingdom of Saudi Arabia. The Parent Company’s status changed from “A Saudi Closed Joint Stock Company” to “A Saudi Joint Stock Company”. All the legal formalities were completed in this regard.

The principal activity of the Group is the wholesale and retail trading of cosmetics, pharmaceutical products, special and healthy foods and medical equipment.

The Group operates mainly in the Kingdom of Saudi Arabia (“KSA”) and the United Arab Emirates (“UAE”) and its Head Office is located at the following address:

Nahdi Medical Company,  
P. Box 17129,  
Jeddah 21484,  
Kingdom of Saudi Arabia.

### 2 BASIS OF PREPARATION

#### 2.1 Statement of compliance

These interim condensed consolidated financial statements for the three-month and nine-month periods ended 30 September 2023 have been prepared in accordance with International Accounting Standard 34, “Interim Financial Reporting” (“IAS 34”) as endorsed in the Kingdom of Saudi Arabia (“KSA”) and other standards and pronouncements that are endorsed by Saudi Organization for Chartered and Professional Accountants (“SOCPA”). The Group has prepared the interim condensed consolidated financial statements on the basis that it will continue to operate as a going concern. The management consider that there are no material uncertainties that may cast significant doubt over this assumption. They have formed a judgment that there is a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future, and not less than 12 months from the end of the reporting period.

These interim condensed consolidated financial statements do not include all the information and disclosures required in full set of annual consolidated financial statements and should therefore be read in conjunction with the Group’s annual consolidated financial statements for the year ended 31 December 2022. In addition, results for the interim period ended 30 September 2023 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2023 (see also note 2.5).

#### 2.2 Basis of measurement

These interim condensed consolidated financial statements have been prepared under the historical cost basis using the accrual basis of accounting and the going concern assumption, except for the valuation of employee benefit liabilities where actuarial present value calculations are used.

#### 2.3 Functional and presentation currency

These interim condensed consolidated financial statements are presented in Saudi Arabian Riyals (“SR”) which is also the functional currency of the Group.

Sakhaa Golden Company*	KSA	Labor Services	100%	100%
Nahdi Investment Company**	UAE	Holding Company	100%	100%

\*During the year ended 31 December 2022, Sakhaa Golden Company made an investment in a subsidiary namely Al Sakhaa integrated solutions formed in Egypt under Commercial Registration No. 194304 dated 28 September 2022 (corresponding to 2 Rabi Al-Awwal1444H) for which the details are as follows:

<i>Subsidiary name</i>	<i>Country of incorporation</i>	<i>Principal business activity</i>	<i>Effective ownership interest</i>	
			<i>30 September 2023</i>	<i>31 December 2022</i>
Al Sakhaa integrated solutions	Egypt	IT consulting	99%	99%

The remaining 1% is held by Nahdi Investment Company, who holds the share for the beneficial interest of the company.

\*\*As at 30 September 2023, Nahdi Investment Company also has investments in the following subsidiaries:

<i>Subsidiary name</i>	<i>Country of incorporation</i>	<i>Principal business activity</i>	<i>Effective ownership interest</i>	
			<i>30 September 2023</i>	<i>31 December 2022</i>
Nahdi Drug Store	UAE	Drug store	99%	99%
Al Nahdi Pharmacy	UAE	Pharmacy	99%	99%

The remaining 1% is held by Mr. Saleh Mohamed Amer Salmeen Al Hajeri of Al Nahdi Investment Co. who holds the share for the beneficial interest of the company.

The financial statements of the subsidiaries are prepared for the same reporting period as that of the Group, using consistent accounting policies of the Group.

#### *Transactions eliminated on consolidation*

Intra-group balances and transactions, and any unrealized income and expenses arising from intra-group transactions, are eliminated.

Unrealized losses (if any) are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment.

### 2. BASIS OF PREPARATION (continued)

#### 2.4 Basis of consolidation (continued)

##### *Transactions eliminated on consolidation (continued)*

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has control over an investee, including:

- The contractual arrangement(s) with the other vote holders of the investee.
- Rights arising from other contractual arrangements.
- The Group's voting rights and potential voting rights.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Control is achieved when the Group is exposed, or has rights, to variable returns from its transactions with the investee and has the ability to affect those returns through exercising its power over the investee. Specifically, the Group controls an investee if, and only if, the Group has:

- Power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).
- Exposure, or rights, to variable returns from its transactions with the investee.
- The ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has control over an investee, including:

- The contractual arrangement(s) with the other vote holders of the investee.
- Rights arising from other contractual arrangements.
- The Group's voting rights and potential voting rights.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

#### 2.5 Significant accounting judgments, estimates and assumptions

The preparation of the Group's interim condensed consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. The significant judgments made by management in applying the Group's accounting policies and the methods of computation and the key sources of estimation are the same as those that applied to the consolidated financial statements for the year ended 31 December 2022, except the change in the inventory provision estimation (refer note 8).

### 3. NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS ADOPTED BY THE GROUP

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2022, except for the adoption of new standards effective as of 1 January 2023. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective. Several amendments apply for the first time in 2023, but do not have an impact on the interim condensed consolidated financial statements of the Group.

**3. NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS ADOPTED BY THE GROUP (continued)**

**3.1 IFRS 17 Insurance Contracts**

In May 2017, the IASB issued IFRS 17 Insurance Contracts, a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation, and disclosure. IFRS 17 replaces IFRS 4 Insurance Contracts that was issued in 2005. IFRS 17 applies to all types of insurance contracts (i.e., life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features; a few scope exceptions will apply. The overall objective of IFRS 17 is to provide an accounting model for insurance contracts that is more useful and consistent for insurers. In contrast to the requirements in IFRS 4, which are largely based on grandfathering previous local accounting policies, IFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. IFRS 17 is based on a general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

The amendments had no impact on the Group's interim condensed consolidated financial statements.

**3.2 Definition of Accounting Estimates - Amendments to IAS 8**

The amendments to IAS 8 clarify the distinction between changes in accounting estimates, and changes in accounting policies and the correction of errors. They also clarify how entities use measurement techniques and inputs to develop accounting estimates.

The amendments had no impact on the Group's interim condensed consolidated financial statements.

**3.3 Disclosure of Accounting Policies - Amendments to IAS 1 and IFRS Practice Statement 2**

The amendments to IAS 1 and IFRS Practice Statement 2 Making Materiality Judgements provide guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments had no impact on the Group's interim condensed consolidated financial statements, but are expected to affect the accounting policy disclosures in the Group's annual consolidated financial statements.

**3.4 Deferred Tax related to Assets and Liabilities arising from a Single Transaction – Amendments to IAS 12**

The amendments to IAS 12 Income Tax narrow the scope of the initial recognition exception, so that it no longer applies transactions that give rise to equal taxable and deductible temporary differences such as leases and decommissioning liabilities.

The amendments had no impact on the Group's interim condensed consolidated financial statements.

**4. STANDARDS ISSUED BUT NOT YET EFFECTIVE**

The standards and interpretations that are issued, but not yet effective, up to the date of issuance of the Group's consolidated financial statements are disclosed below. The Group intends to adopt these standards, if applicable, when they become effective.

**Amendments to IFRS 16: Lease Liability in a Sale and Leaseback**

In September 2022, the IASB issued amendments to IFRS 16 to specify the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains.

The amendments are effective for annual reporting periods beginning on or after 1 January 2024 and must be applied retrospectively to sale and leaseback transactions entered into after the date of initial application of IFRS 16. Earlier application is permitted, and that fact must be disclosed. The amendments are not expected to have a material impact on the Group's consolidated financial statements.

**4. STANDARDS ISSUED BUT NOT YET EFFECTIVE (continued)**

**Amendments to IAS 1: Classification of Liabilities as Current or Non-current**

In January 2020 and October 2022, the IASB issued amendments to paragraphs 69 to 76 of IAS 1 to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement
- That a right to defer must exist at the end of the reporting period
- That classification is unaffected by the likelihood that an entity will exercise its deferral right
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability does not impact its classification

In addition, a requirement has been introduced to require disclosure when a liability arising from a loan agreement is classified as non-current and the entity's right to defer settlement is contingent on compliance with future covenants within twelve months.

The amendments are effective for annual reporting periods beginning on or after 1 January 2024 and must be applied retrospectively. The Group is currently assessing the impact the amendments will have on current practice and whether existing loan agreements may require renegotiation.

**Supplier Finance Arrangements - Amendments to IAS 7 and IFRS 7**

In May 2023, the IASB issued amendments to IAS 7 Statement of Cash Flows and IFRS 7 Financial Instruments: Disclosures to clarify the characteristics of supplier finance arrangements and require additional disclosure of such arrangements. The disclosure requirements in the amendments are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk.

The amendments will be effective for annual reporting periods beginning on or after 1 January 2024. Early adoption is permitted but will need to be disclosed. The amendments are not expected to have a material impact on the Group's consolidated financial statements.

The Group's investment properties mainly represent the parcels of land in KSA which are currently held for undetermined future use. During 2022, the Group transferred one parcel of land from property and equipment to investment properties at cost less accumulated impairment loss.

The fair value of the Group's investment properties, as at 30 September 2023 was determined on the basis of the valuation exercise carried out by an independent external real estate evaluator Abdullah Al Kathiri Real Estate Evaluation Office (2022: Abdullah Al Kathiri Real Estate Evaluation Office) accredited by the Saudi Authority for Accredited Valuers ("TAQEEM") and they have appropriate qualifications and relevant experience in the fair value measurement of properties in the relevant locations.

The fair value of the lands has been determined based on income method (RLV), a valuation model in accordance with that recommended by the Saudi Authority for Accredited Valuers was applied. Under this method, the value of land is arrived by calculating the development cost including the profit and subtracting the build cost, construction cost and other components of cost.

Based on the difference between the carrying value and the fair value of the land as at 30 September 2023, a reversal of impairment loss amounting to SR 498,000 was recorded in the Group's interim condensed consolidated financial statements for the period ended 30 September 2023 (31 December 2022: SR 14.5 million).

During 2022, the management of the Group realized that a portion of one of the lands owned by the Group was partially used in the infrastructure by a Government Body which is under assessment at the reporting date. Based on the difference between the carrying value and the fair value of the land (based on revised area of land), an impairment loss amounting to SR 7.06 million was recorded in the Group's consolidated financial statements for the year ended 31 December 2022.

### 15. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All financial instruments for which fair value is recognized or disclosed are categorized within the fair value hierarchy, based on the lowest level input that is significant to the fair value measurement as a whole, as follows:

- Level 1: quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2: valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3: valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

If the inputs used to measure the fair value of an asset or liability falls into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest input level that is significant to the entire measurement.

The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. There were no transfers among the levels during the period.

The management assessed that the fair value of financial assets and financial liabilities approximate their carrying amounts primarily due to the short-term maturities of these instrument.

### 16. RELATED PARTY TRANSACTIONS AND BALANCES

### 17. SEGMENT INFORMATION

The Group operates mainly in the KSA and the UAE and is engaged in the sale of cosmetics, medical materials, as well as medical equipment through pharmacies. It also operates specialized medical clinics through one of its subsidiaries. The Group's operations in the UAE are considered relatively insignificant, and accordingly, the Group does not present business sector information at the geographical level. Also, the Group's business of operating specialized medical clinics is considered relatively insignificant.

The Group has two operating segments, Front Shop and Pharma. The Group's segments maintain separate financial information, and the Group's chief operating decision maker (the "CODM") evaluates the segments' revenue on a regular basis in deciding how to allocate resources among the segments and in assessing segment performance. The CODM evaluates the performance of the Group's segments based on revenue. The Group uses revenue as its principal measure of segment performance as it enhances the Group's ability to compare past financial performance with current performance and analyse underlying business performance and trends. The operating costs could not be separated by the reported segments and hence presented in total. The following table presents information for the Group's operating segments for the nine-month period ended 30 September 2023 and 30 September 2022, respectively
